## "Blue Skies"

***Nobody's Children Become Everybody's Pets***

Enjoying the romance of blushing youth should be child's play for old and young. It tells blissfully how an orphanage yard becomes the Garden of Eden for two fetching youngsters. It whoops with humor and sighs with pathos. A crowd of likely, unforgettable children swarm through feast, famine, recreation, rebellion, jaundice, joy. A likeable lad defies the matron and his own advantage for the sake of a charming sweetheart and who woulde't? "Blue Skies will smile away your blues.

## Remember Champion Celebration July 1-2

As the date approaches increasing interest is being taken in the Elks' Dominion Day celebration. Entries are already being received in the horse racing and bucking contests and everything points to unusually keen competition in these events. The baseball tournament is bound to be highly interesting as the four teams taking part are all playing good ball and are all out to win. The carnival attractions promises to be excellent, while the foot races and other athletic events are arousing interesting in competitors from all parts of the country. Those desiring the thrill of air flying will have their opportunity on the second day when a machine will be on hand. Take all in all there is every reason to be more than gratified with the prospects for July 1 and 2.

## H. L. Seymour Coming to Champion

The Women's Institute have planned a real treat for residents of Champion and vicinity in securing the services of H. L. Seymour, town and rural planning expert, for an address in the basement of the Community hall on Tuesday evening, June 25th. Mr. Seymour has already made a reputation for himself in every part of the country in which his services have been requisitioned and his visit to Champion is an event of unusual interest. While the suggestion "Town planning" may not carry the idea of a splendid evening's entertainment to the uninitiated, Mr. Seymoure has made it one of the most interesting subjects that has come under discussion for years past, introducing as it does the problem of system in laying out plans for something that will improve appearances where the work is already under way or insure satisfactory results where the work is in anticipation. There is not the slightest doubt that those who attend on this occasion will be more than repaid for their interest.

D. H. Galbraith M. L. A. will also discuss the question of "Good Seed" of which subject he has made a special study. There will be a musical program and refreshments will be served during the evening. Fifty cents admission will be charged to assist in covering expenses. The Chronicle has no hesitation in recommending this program to everyone who has an interest in the town or country beautiful. The program will commence at 8 o'clock.

Among the attractions at the celebration on July 1 and 2 will be the Champion band, which under the leadership of Barney Hummel is fast becoming an organization of which the town may well be proud. While most of the players are young they are developing ability which would be recognized anywhere and with consistent support will make one of the best bands in the province.

Recent rains continue to keep the growing crops as good as it is possible for crops to be. While the precipitation has been considerably heavier at some points in the district than others, there has been sufficient moisture everywhere. Gardens and trees are simply immense in their appearance everywhere.

## Garden Party Big Success

The garden party held at the home of Mr. and Mrs. G. T. Dow on Friday evening drew a large crowd. While the night was slightly chilly, otherwise the crowd thoroughly enjoyed themselves. The beautiful trees and lawn, lighted artistically, could not have been improved upon for such an occasion, and coupled with the splendid music furnished by the Champion band, made conditions ideal for the outing. The ladies were kept busy serving refreshments, the Ladies' Aid profiting to the extent of some $80 by admissions and other sources of revenue. A program including solos, recitations, etc., was well received. A game of softball between the young and middle-aged was also a feature. All who attended were enthusiastic it referring to the well kept premises and to Mr. and Mrs. Dow as host and hostess for the garden party.

Dr. Heal will be away for five weeks, July 10 to August 17, on his holidays. If those wishing work done before or during that period will communicate with him as soon as possible he will make arrangements to suit their convenience.

Mr. and Mrs. Adam Ferguson, Miss Marjorie Ferguson and Mrs. Roy Lonheim left this week on a motor trip to North Dakota, to their old home. Everyone will wish them a pleasant trip.

At the recent examination of the Associated Board, of the Royal College and Royal Academy of Music, all the candidates entered by Miss Ruby Graham, were successful.

School examinations, primary division—Marjorie McCullough, Flora Gill.

Local centre examinations, rudiments of music—Rheta Campbell.

**History will be made July 1st and 2nd. We solicit co-operation and enthuiasm from every resident of this district. Join the big parade at 12 o'clock. Dress yourself, your truck, car or horse. Liberal prizes are offered, and while you can't all get prizes, help swell the parade. This is Champion's day—yourday. Help us make it a success.**

**Sport's Committee.**

## Give Dad a Tie!

**On Fathers' Day**

**Sunday, June 16th**

***Announcing***

## Hand-Made Ties

***by Curries***

***Something to Talk About!***

The most satisfactory Men's scarf today is one that is hand-made.

This means that the tie is made entirely by hand, which gives it greater elasticity in handling and more spring in tying, making the most satisfactory scarf in every way.

Naturally ***Hond-Made Ties*** are much more expensive to make. They take considerably more silk than ordinary machine-made ties and it is therefore only possible to make certain silks into hand-made ties.

The new stock of these has just arrived. Select one now while it is complete, for Dad.

THURSDAY, June 20, 1929

## NOTES AND COMMENT.

Damage from pests this year has been practically nil. Occasionally one will hear of cut worms at work but this is usually in a garden patch or some small piece of land.

It is no wonder tree planting is becoming more popular year by year. There are some of the prettiest groves to be seen in this part of the country that ever decorated a prairie home.

Now we have them lining up something like this: Imperial, Bay-Marland, Doherty, Humphrey interests, Texas, International Utilities. These are big names and they are all in Southern Alberta.—Lethbridge Herald.

Hog production has been one of the best paying aids to wheat farming that has been indulged in. Marketing occurs, to, at a time of year when money is unusually welcome.

The Gardiner government in Saskatchewan will meet the legislature and allow that body to decide who will handle the affairs of the province. The election result left a very uncertain situation with no group holding a majority of the house.

Flying is still, naturally, a dangerous method of locomotion for man. Still he is sure to persist and overcome the difficulties in the end.

When two towns of record in baseball history like Champion and Barons transfer their allegiance to softball, with the exception of high school baseball teams, there is room to reflect on how the mighty have fallen or how the mighty are progressing. They say softball is the fastest game of the two. It must be taken into consideration, however, that some mighty stiff old has beens play softball.

The district surrounding Champion has been gradually improving its position as a hail risk. Originally in class AA it was in class A in 1928, while this year it is in B class. The saving to the insurer in the Municipal Hail Insurance scheme benefits largely by the change. While unprecedented losses, especially in 1927, were very hard on the municipal insurers a general improvement has taken place and with the change in class this insurance promises to be largely used this year.

An eminent physician was giving a lecture at the weekly meeting of a ladies' lecture club. After his interesting talk, he stood at the door to meet the ladies and answer any questions they might want to ask him. One very well-meaning old lady—obviously an old maid—asked him how he got started on the road to success. He responded that his first duties in the medical field were as a Naval surgeon. "My, my," she murmured, "isn't this a day of specialization?"

## WHEAT POOL NOTES

The Alberta Wheat Pool has fixed July 15th as the closing date for the 1928-29 Pool. There are quite a number of Pool farmers who have still a little wheat on hand and they are advised this must be delivered by June 15th, otherwise it will go in with next year's pool.

* * *

The Supreme Court of Canada has decided in favor of the Alberta Wheat Pool contention in the H. W. Keay suit. The Supreme Court judgement sustained the judgement of the Supreme Court of Alberta which was that the matter in dispute was one for arbitration and not for legal action.

* * *

According to reports from Ottawa the Federal Government is bringing into effect legislation which will greatly reduce mixing of wheat in terminal elevators. The Wheat Pools have strongly urged that the government should take steps to limit the mixing evil.

* * *

The Alberta Wheat Pool has discontinued broadcasting for the summer months, as has been its custom in the past. The Pool will resume radio work this coming fall.

## The Farmer's Insurance Problem

I kept my barn insured for years.
For I had dreams of scorching steers,
Of peacocks blistered to the ears,
And pitchforks charred and burned.

While other men were taking trips
With bulging wallets on their hips,
I paid up my insurance tips
With surplus coins I earned.

Rough hoboes when allowed to stay,
Threw burning cigarettes away,
And dropped live ashes in my hay,
Yet never made a blaze.

At last I argued to myself,
"Why stack up troubles on the shelf?
Why not hoard up this surplus pelf
To spend in other ways?"

So when the agent came around
He nearly sank into the ground,
For I made no uncertain sound,
When I made known my plan.

"All right," he said, but some bright day
You'll come around to me and say,
"This risky business doesn't pay,
You poor deluded man."

That night a hobo hove in sight,
A weary man in sordid plight,
And asked if he might spend the night,
In my good mow of hay.

"You may if you don't smoke in bed," I said,
He shook a soleme head, "I never smoke"
Was what he said, and,
And so I let him stay.

I woke at three o'clock that night,
To see a weird and lurid light,
While through the yard, I marked the flight,
Of that untidy man.

He'd left my barn a seething fire,
A mass of flames from stone to spire,
Next day I found his pipe—a briar,
He'd dropped it as he ran.

I lost no livestock, thank the Lord,
But lost the building, hay and Ford,
Ten tons of oats that I had stored,
For my good grubbing plug.

I looked that agent up and said,
"See here, insure my house and shed,
My woodpile, silo, stove and bed,
As quick as you know how."—From Farm Life.

## J.I. Case Company Absorb Other Plants

The world famous old concern, The J. I. Case Threshing Machine Company, Inc., of Racine, Wisconsin, has just announced a change in its corporate name. Henceforth, the organization will be officially known as the J. I. Case Co., Inc. There will be no change made in the personnel or established policies of the institution.

Recently Case acquired all outstanding rights to the use of the names "Case" and "J. I. Case" on plows, harrows and certain other farm tools, and now has the exclusive right to the use of the names "J. I. Case and Case" on all farm machinery and implements. Now there is only one Case organization and that is the J. I. Case Co., Inc. of Racine, Wisconsin, formerly called the J. I. Case Threshing Machine Company.

Thh most recent expansion took place the past year, when Case acquired the implement business and factories of the Emerson-Brantingham Company of Rockford, Illinois. This brings under the Case banner one of the oldest and most favorably known lines of farm tillage, seeding, haying and harvesting machines.

Case was the first Company in the industry to improve farm machinery by making extensive use of light, strong steele stampings and forgings in place of heavy cast iron parts. Likewise, Case was the first to adopt adjustable fitted bearings lined with all metal in the place of rough metal. It also was one of the pioneers in the introduction of the miracle machine of the modern harvest, the Case Combine.

Indicating the special delights of Ontario to the sportsmen tourists, the June issue of the national outdoor magazine, Rod and Gun and Canadian Silver Fox News, as in former years, again takes the form of a special Ontario Tourists number. The contents of this issue include several splendid Ontario features and articles by such well known outdoor writers as Ozark Ripley, Merrill Denison, Robert James and a message of welcome from the Premier of Ontario These are all additional to the regular features of national interest to all outdoor lovers on angling, woodcraft guns and ammunition, dogs and the silver fox industry, written by well known authorities. Rod and Gun and Canadian Silver Fox News is published monthly by W. J. Taylor, Limited Woodstock, Ont.

EVERYTHING IN HARDWARE

**Pull Your Discs with Three-Fuel Power**

Built for tractor power, the one-way-disc pulled by a three-fuel Hart-Parr cuts to full width at any depth. You need not just *skim* your land, for Hart-Parr power enables you to set the plow down where it belongs and keep it there. Two and even three one-way-disc plows are common behind the larger Hart-Parrs. They pay their way. Hart-Parr is the one tractor that develops tremendous power from gasoline, kerosene or distillate. We are now showing the improved 1929 line equipped with three forward speeds to speed up hauling and field work. Hart-Parrs are built for small, medium or large farms. Come in and see them.

# 5 Models of Combines

*That Keep Running*
*Keep Threshing*
*Keep Saving*

***With*** **Many Combinations of Headers, Separators, and Windrow Pick-ups,** ***to suit all farm conditions*** **of Soil, Crop and Power**

Here is a complete line of Combines — combined harvester-threshers — that gives the grain farmer in this community a range of sizes never offered before.

It provides a line from which you can select the combination of header and thresher size that is suited to your farm whether it is large or small, rolling or prairie land, sandy or heavy soil; suited to your crop, whether it is light or heavy straw, tangled or straight standing, weedy or clean; suited to your power, whether it is small or large.

More than all that, we will assist you in working out the combination that is best suited to your conditions.

In keeping with the policy of the Nichols & Shepard Company, "More than 4 score years of fair dealing" —we want to furnish you the machine that will give you the best service for your crop.

It will be found in the Nichol & Shepard Line of Combines — the combines that are light of draft, ample in power, sure in threshing, reliable that enable you to harvest your crop easily and fast, and deliver it clean, bright and marchantable. See us for full information.

## Calgary Exhibition And Stampede July 8-13

The deep throated roar of encouragement from a crowded grandstand, sweet music to the ears of the scores of cowboys who daily risk life and limb during the championship cowboy contests, will ring out with renewed vigor again this year, when the annual Calgary Exhibition and Stampede, where $70,000 in prizes and purses are offered, is held at Victoria Park during the week of July 8 to July 13, inclusive.

With the greatest list of purses and trophies ever offered for a frontier contest, Canadian and American cowboys are soaping their saddles and working up their ropes in preparation for the big western celebration, and even at this early date, the biggest entry of cowboy contestants in the history of The Stampede is expected.

Agricultural Alberta is preparing for the Stampede and Exhibition in totally different ways. In the ranching districts, the cowboys are rounding up the "best" or the "worst" of the outlaw horses, for only "top" bronks are shipped in for the big contests, while in the farming districts, purebred cattle, horses, sheep, swine and poultry are being fitted up for display in the various show rings. The exhibition of purebred livestock is a big part of the Exhibition and Stampede, and the cattle pavilion, the largest and most modern in Western Canada, will be filled to capacity this year.

In addition to regular prizes for livestock, special prizes will be awarded for Alberta bred cattle, and not only will all Alberta herds be eligible to compete for these prizes, but they will also be eligible for all open classes.

Prizes are also being offered for dairy products, agricultural products, purebred dogs, fancy work, art, cooking, school work, Indian work, etc. In the grains and seed department, a number of valuable trophies, supported by generous cash prizes is being offered, and a big entry list in these classes is expected.

Mr. J. F. Trevethick, who left for Seattle in February, has returned to Vulcan and is being warmly welcomed by his many friends. Fred has been a patient in the Swedish hospital in the Washington city, and we are pleased to state, has received considerable benefit from the treatment received there.—Vulcan Advocate.

## WEATHER PROPHETS ARE PREDICTING MUCH HAIL THIS YEAR

Most everyone thinks the prospects are fine,
For a bumber crop this year twenty-nine
So far no grasshoppers, drouth, or rust,
But we fear hail, and hope and trust,
That it may not come, yet it may with a rip and roar,
And if not insured, we will be sad and sore.
It is not wise to delay, it may come very soon,
You may feel rich today, be broke by tomorrow noon.
The rate is quite high for the risk is great
If you are not hailed it is luck or fate,
L. J. Adams & Son give the service you require,
And will write you up any time you desire.
He has the best dope that Canada can give,
To cure this great loss, and help you to live,
The two Strongest Companies now writing hail,
So protect your crops, see them without fail.

(Grain Growers & Casualty Companies Capital over one hundred and thirty million.)

### EDITORIAL

A tailor is a man who takes your measure on first sight, gives you a fit, sews you up, and then follows suit until paid.

Archie Ruggles has taken out a Mc.-Drg. harrow plow. Archis says the plowing is pretty tough out there so he thought he would get a good plow.

Here is another Limerick—Fill the lacking line if you can:
A bird by the name of DeBogge
The road made practice to hog
But one luckless day
He got much too gay
.....

Speaking of softball—that machinists club is a real crew. Babe Ruth has nothing on Jack Kulpas when it comes to home runs.

One of life's saddest partings is the passing of the strawberry shortcake season.

If you really want to make your labor count big and want to make up for time lost on account of bad weather, illness, or other causes, arrange to head up your farming operations with a Mc.-Drg. Tractor. Ask C. Davis how many acres he puts behind him when hooks his 15-30 to a four-bottom plow and gets busy.

**How To Clean Silver**
If you want to clean silverware easily and quickly, put a teaspoonful of salt and a teaspoonful of soda in a new aluminum pan and pour boiling water over it. Then put in your tarnished silverware, and all the tarnish is removed. Take the silver out and wash it, drying with a soft cloth.

We sold a new Chevrolet the other day to a man who said it would be his nineth in succession.

One of the world's greatest needs is a machine for quarter-sawing late asparagus.

We have just received another shipment of Wm. Penn gun grease in just the right weight for this hot weather, also a new size can, a 15 pounder.

The car climbed wildly up a bank,
The driver's face was green;
He'd put his moonshine in the tank,
And drunk the gasoline.

## LOCAL AND GENERAL

Champion July 1 and 2.

Mr. and Mrs. W. Ulrich visited with Mr. and Mrs. Herman Ulrich at Vulcan on Sunday.

Joey Johnson and his comedy players are billed to appear at Champion on Tuesday, June 25th.

Mrs. Ted Davis, of Spokane, is visiting relatives in the vicinity. Mr. Davis will arrive later.

Andrew Diemert wishes to thank the C. W. L. and others for flowers sent during his recent illness.

Campbells say that strawberries for canning is right on now. Better phone your order to them at once.

Mr. and Mrs. J. F. Harper returned from a trip to Spokane on Wednesday and motored through to Calgary.

Mrs. L. J. Adams and W. Adams returned from a trip to Calgary on which they took in "The Desert Song."

The Ladies' Aid will meet on Thursday, June 27th at the home of Mrs. Stange. Mrs. F. Gottenburg will assist in serving.

Born—On Wednesday, June 19th, at Mrs. Milliken's nursing home, Champion, to Mr. and Mrs. E. Crantz of Carmangay, a son.

Born—On Friday, June 14th, at Mrs. Milliken's maternity home, Champion, to Mr. and Mrs. Ed. Griffin of Carmangay, a son. The infant died on June 15th.

Mr. and Mrs. Irl Ditto wish to thank their many friends and the Ladies of the Royal Purple, B. P. O. E., C. W. L. and the Golden Rule Institute for flowers and gifts sent and kindness shown during Mrs. Ditto's recent illness and their sad bereavement.

K. R. McLean R.O., of Anderson & McLean, Sight Specialists, 208 8th Ave. West, Calgary, will make his monthly visit to Champion Thursday, June 27th. At the Drug Store.

Mr. and Mrs. Erman Sission, of Butte, Montana, visited relatives here for a few days last week.

All children 15 years and under will be admitted free to the grounds at Champion Elks carnival on July 1st and 2nd.

Mr. and Mrs. C. E. Anderson and Mr. and Mrs. W. S. Ryan were amond those who took in "The Desert Song" in Calgary.

A dance will be given by the Institute girls of Carmangay on June 27, 1929. A special invitation is extended to Champions.

The suggestion "School Flow t' in the prize list for July Land 2 is a error. The event is open to all and it is hoped by the committee that everyone who can possibly turn out a float will endeavor to do so.

A. H. Visser of Okotoks, contractor for the community hall, was in town on Thursday en route to Okotoks. Mr. Visser has now some forty-five men in his employ and has built a number of derricks in Turner Valley as well as several houses in Okotoks. He is now engaged in erecting derricks in the Devenish field, but is held up for lack of material. He states the hall will be finished in the near future.

## VILLAGE OF CHAMPION

### PUBLIC NOTICE

Tractor owners are advised that it is unlawful to drive tractors with lugs attached, on the main street of the Village of Champion.

By Order
Village Council Champion.
5 3 t c

Champion defeated Alston baseball team on Wednesday night by a large score. The night was cold and the attendance small.

## Will Fly to Lecture

That the speakers for the last day of the Institute of Co-operation to be held in Lethbridge June 24th to 26th, will be brought by aeroplane, was an interesting item given out on Thursday afternoon by D. M. Malin of Edmonton to the committee of the Institute at a meeting in Lethbridge.

The lecturers, coming from the United States, will arrive in Lethbridge for the opening of the institute being held at Olds, commencing on Tuesday and from there to the institute at Vermilion on Wednesday. To complete the arrangements a plane with four passengers will fly from Vermilion to Lethbridge to be on hand here for the final day.

Another item of interest was the decision to hold the banquet, which will be free and restricted to those registering for the institute, on Wednesday evening instead of Tuesday. The banquet is to be held in the Marquis hotel and is to be followed by a dance. Premier Brownlee and Mrs. A. H. Warr, president of the U. F. W. A. will be the speakers at the banquet.

### For Sale
